

PelviCon Con-Ed Guide

Is PelviCon eligible for continuing education credits?

Yes! All participants are eligible for 14.25 con-ed credits. You will get a CEU Certificate of Approval with the contact hours.

How does it work?

Con-ed varies greatly from state to state. PelviCon has been pre-approved by Georgia and Arkansas, with Texas and California also pending approval.

Many other states, including Florida, North Carolina, Massachusetts and Maryland offer reciprocity. In all states you can submit for credit yourself with the CEU Certificate of Completion provided by the conference. If you have questions pertaining to your individual state requirements, please refer to your state licensing authority.

Where can I find the material I need to submit in my state?

All participants will receive a CEU Certificate of Completion following the conference for 14.25 contact hours. Any other information, including agenda, topics, or speaker bios, will be found in your manual.

I'm not a physical therapist. Will you be getting approval from my state's chapter for my profession?

We are excited to have any and all pelvic rehab providers at PelviCon! Unfortunately, we are unable to apply for all attending professions at this time. You will receive a certificate of completion that you may submit to your own professional licensing board to obtain approval.

Do I have to submit for CEUs?

Nope! If you choose to submit to your state, you have all of the information you will need from the PelviCon manual, the agenda and the certificate of completion you will receive after attending the conference. But applying for CEUs is certainly not mandatory!

What about PelviCon Pre-Con and Post-Con?

The approval for CEUs through the state of Georgia is for the main conference of PelviCon on September 8 and 9. Pre- and post- conference PelviCon offerings are not eligible for CEUs at this time.
