

## PelviCon Con-Ed Guide

### **Is PelviCon eligible for continuing education credits?**

Yes! PelviCon is approved for 14.25 continuing competency hours through APTA Georgia! Texas, California and Arkansas are also pending approval.

### **I don't live in Georgia or these other states....can I still get CEUs?**

Yes! Approval from a chapter of the APTA is very important, as many states offer reciprocity if a continuing education opportunity is approved by another state's APTA chapter. If you have questions pertaining to your individual state requirements, please refer to your state licensing authority. You will receive a certificate of completion following the conference you may submit to your own licensing board if you choose.

### **Where can I find the material I need to submit in my state?**

The information you need will be found within your manual or on the website. This may include the agenda, topics, speaker bios, and more. You will receive a certificate of completion as well after the conference that will show 14.25 contact hours of completion.

### **I'm not a physical therapist. Will you be getting approval from my state's chapter for my profession?**

We are excited to have any and all pelvic rehab providers at PelviCon! Unfortunately, we are unable to apply for all attending professions at this time. You will receive a certificate of completion that you may submit to your own professional licensing board to obtain approval.

### **Do I have to submit for CEUs?**

Nope! If you choose to submit to your state, you have all of the information you will need from the PelviCon manual, the agenda and the certificate of completion you will receive after attending the conference. But applying for CEUs is certainly not mandatory!

### **What about PelviCon Pre-Con and Post-Con?**

The approval for CEUs through the state of Georgia is for the main conference of PelviCon on September 8 and 9. Pre- and post- conference PelviCon offerings are not eligible for CEUs at this time.
